## MASTER OF SOCIAL WORK (MSW)

Master of social work students are trained for advanced clinical social work practice with children, youth, adults and/or families. We offer a full-time, two-year, 60 credit-hour curriculum for those with varying undergraduate degrees; and a full-time, one year, 30-33 credit-hour advanced standing curriculum for well-qualified individuals who completed a bachelor of social work degree. Both curriculums are offered on-campus and online to prepare students for success on the Association of Social Work Boards licensure examinations.

# WHY STUDY AT DAEMEN

Daemen's Center for Interprofessional Learning and Simulation (CILS) provides students experiential learning opportunities to promote best practice and collaboration. This leads to improved health and well-being outcomes for individuals, organizations, and communities!

of Daemen's Master of Social Work program job seekers secured employment at or before graduation over the last four years.

From the U.S. Bureau of Labor Statistics

- Foundation students secure the knowledge, skills, and values associated with generalist social work practice, including ethics, research, diversity, and policy.
- Advanced clinical students are trained in the use of evidence-based assessment, diagnosis, and intervention with children, youth, adults, and families.
- Students complete field education experiences under licensed social work professionals: 450 foundation; 500 advanced (clinical practice). International social work service and field placements are available.
- Courses are taught in the afternoons and evenings using a hybrid format to accommodate working adults.
- Licensure preparation is built into the curriculum to assist all our students in successfully passing the Association of Social Work Boards licensure examinations.
